## **DETAILED ACTION**

The following is a quotation of the appropriate paragraphs of 35
 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 29, 33, 40-44, 47, and 48 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Schwartz, Jr. 6,147,129.

The cited prior art discloses a method for treating polyester comprising combining discrete particles of the polyester with a caustic soda solution followed by heating at a temperature exceeding 70 °C and for more than twenty minutes. See columns 4-7 and 9. The prior art disclosures have features as claimed.

- 2. Claims 30-32, 34-39, 45, 46, and 49-75 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
- 3. Other references listed PTO-1449 and PTO-892 have been made part of the record.
- 4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to SAMUEL A. ACQUAH whose telephone number is 703-308-2436. The examiner can normally be reached on M-TH, FRIDAYS OFF.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, JAMES SEIDLECK can be reached on 703-308-2462. The fax phone

Application/Control Number: 09/937,388

Art Unit: 1711
